Dear Editor:

Global Warming is **NOT** caused by, **NOR** controlled by, Man!

What is the matter with our scientific people? It seems that they do **NOT** have the knowledge, nor refuse to recognize/understand, that **“Nature knows best”!**

Before the American people should be taxed Hundreds of Billion dollars of money, which will HAVE to be repaid by OUR children, **take another look!**

Scientific evidence now **(2010)....**shows/has proven, that the earth/sun, warm/cold period relationship, is **cyclical.**
