

Discover Mag Letters:

Global Warming is a myth. What is the matter with our scientific people! It seems that they do **NOT** have the knowledge, or refuse to recognize /understand, that “**Nature knows best**”! Absence the assistance, by the scientific community, it is **incumbent** on various scientific magazines, such as, **DISCOVER**, to lead the way, & SEEK ALTERNATIVE VIEWS.

Before the American people should be taxed Hundreds of Billion dollars, of money, which will be repaid by their children, take a look! Scientific evidence now shows/has proven, that the earth/sun, warm/cold periods relationship, is cyclical.

Sarasota, Fl.

Dear Discover Editor:

This section of the Email does **NOT** have to be published. You owe it to the integrity of your fine magazine, to **take a look** at the “**Global Warming/Oil Crises**”. See: www.cifaldi.org klik on Files klik on **Global Warming/Oil Crises**, a (20) page document of (111 KB).

If you do **NOT like my dissertation... NOR... agree with it**, simply delete this E Mail. Further, there will be **NO need** to publish my letter, because it is **NOT very informative**.

Should you desire to delve more deeply into the subject.... Please contact me at:
