

Sept. 26, 2009
Discover Magazine
Mr. Corey S. Powell, Sr. Editor:

Do any of these subjects, have any interest for **DISCOVER Magazine**/yourself?

Double-Quadruple Principle (DQP)

<http://www.cifaldi.org/files/DQP%20Double%20Quadruple%20Principle%20%20Explantion%20Jan%2010-2009.pdf>

Author: This (DQP) applies to many different disciplines, including the formation of the picture on T.V. Tubes, the broadcasting of T.V. signals over the air; the electrical output of wind-generators ... and more, [as you will see, in the DQP paper I wrote]!

Global Warming/Oil Crises (An alternative view to global Warming)

<http://www.cifaldi.org/files/Global%20Warming%20&%20Oil%20Crises%2011-22-2008.pdf>

Author: My view is that NATURE knows better than man, what it must do, to keep humanity alive! The world population, is increasing by 92 Million peopleEVERY YEAR!

Blu-Ray Genesis

<http://www.cifaldi.org/files/BLU-RAY%20GENESIS%20%202009%20Jan%204.pdf>

Author: Look & you will see, that I had a part in developing, the **Blu-Ray DVD** system!

TTEC The Ideal Educational System/Two Teachers in Every Classroom

<http://www.cifaldi.org/files/Ideal%20Educational%20System%208-28-2009.pdf>

Author: Essentially, this is an update of my book: The Ideal Educational System (TTEC)

Yours truly,
Carmine Cifaldi
