

PEDIGREE for Carmine Cifaldi 6-1-2008

2008- May 9, Authored a document, re **Global Warming/Energy Crises**, in a little-discussed /thought-of, reasoning, that might be contributing **additional** energies to global warming.). In the **Energy-related** portion, it also postulates that the Government(s), Federal, State, County and City, should be **“LEADING BY EXAMPLE**

SEE **Popular Science**, **March 2008**, (50) **Greenest Cities in the U.S.**, Pages **51 to 58.**]. Also, see **CIFALDI.Org** , [**©1978, The Ideal Educational System/Two Teachers in Every Classroom**, [Pages **87-89**].

The additional heat sources, would **add** to those often-mentioned reasons, as previously thought, were mainly responsible for the warming up of the planet. It is commonly believed, (**rightly so**), that man’s careless **ACTIONS**, are the chief cause(s), and therefore largely responsible..

The theory, is based on the fact, that man is increasingly, ceaselessly and carelessly, spewing pollutants and other noxious gasses, into the air, (via **INDUSTRY** and **AUTO** emissions),[engendering short-term solutions].

2008-Feb 12, Author document re the **OIL CRISIS.... (AGAIN?)**, the first time , (**1983**), was to **President Carter**, when oil jumped from **\$10.00** a barrel to **\$40.00** a barrel). These actions, are **NOT** only causing the earth’s temperature to rise, but are melting the polar ice-caps.

This in turn is causing extremes in weather conditions, while also causing rising sea-levels, (and many other deleterious effects, to happen). The effect, is commonly known as, the **“Greenhouse Effect”**. See : **Global Warming/Oil Crisis** in **“Files“**, of **CIFALDI.org**

2008-Feb 28, Published, in book form, [**©1978, The Ideal Educational System/Two Teachers in Every Classroom** (125 Pages). The book also tells in much detail, about the author’s Energy background . It postulates possible

2007- June Accumulate material for book Introduction to the Ideal Educational System © 1978 **“TWO TEACHERS IN EVERY CLASSROOM”**, published in **NOVEMBER 2007**.

2007- May 1, Published a highly comprehensive document about the **“Manufacture of Black and White Television Picture Tubes (CRT)”**, in **Wikibooks**. See next:

:http://en.wikibooks.org/wiki/Television_Manufacture_and_Repair OR see: **Television Manufacture and Repair** in **Google** OR **Yahoo** OR see **FILES** in **CIFALDI.Org** See also: **cifaldi,carmine** in **Google**

2003 – **Hybrid Autos**, (not the author's), being sold in **California** in **2000**, being sold, increasingly in the U.S.[and back-ordered **2004**]. In **2007** such represents the wave of the future. **Its time has come**. See **1963** T.E.C.

2002 – April 16, 2002 Issued **Patent # 6,372,978 B1**. Patent Granted **43** Claims **HS2 Solar Heater** (with extended BTU storage capability), via super-dense material in fluid repository, which also precluded freezing problems; also with super-efficient sun-collection capabilities . **Info available ... GOOGLE ... & ... ASK us.com ..** (See... cifaldi,carmine)

2000 – Oct 5, -- Solved code in **Hebrew Bible** **Info available**

2000 – Conceived, designed an automobile **Child Restraint Seat System** with unique characteristics, far superior to anything on the market today **NOT** Patented. **Info available**

2000 – Conceived, designed, built, successfully tested in **1956**, **ION BEAM WELDER**, circa **1956, .. 1965**, for use in a vacuum or Outer Space. Notified **NASA**, as perfect for **NASA's Space Station** construction/modulization, then currently being done, see **1965** herein. Unknown if used ! ? !

Info available....

1998 – August 1, authored a **(6)** page document on **Swift-Water Rescue** techniques for **shore-based rescuers**, **boat-equipped rescuers**, with particular emphasis on the **proper use** of **Helicopter** in rescue modes. Sent copies to **210 Mayors**, living on or bordering large bodies of water, throughout the United States.

Info available

NOTE: Received positive response from Eight **(8)** different Mayors. **(3)** weeks later, the City of **New York** practiced some of those techniques on Long Island Sound. Matter of public record (newspapers).. **Info available**

1997 – **Dec 30**, Received **Patent # 5,703,636** for the **High Resolution Optical Communication System--** [Full motion, in Real-time, Video Telephone], **(HIROCS); [2,000 Line System], [DECADES ahead** of the **Japanese HDTV]**. **This was** based on my Television Tube manufacturing background, and my **1950** era foray into High Definition Movie Camera Filming of a **Laparoscopic Gall-Bladder Removal**.

See picture and Newspaper article, dated **Sept 22, 1997**, in my Website at: WWW.carmineAcifaldi.com , in which “ **I PREDICTED that everyone would be using my invention in ...TEN YEARS “ !!! I WAS HALF RIGHT, ANYHOW!**

More information IS contained in other **NOTES** hereto, and in **NOTE 32**,of **NOTES**. Also see ([cifaldi,carmine](#)) in [ASK us.com](#) AND in [GOOGLE \(U.S.\)](#).

1996 May 14, 1996 Filed for Patent on **Video Telephone**

1991 Experimented with Fiber Optic Cable to transmit **Ultra-high definition, Color VIDEO Telephony**, with the accompanying Audio, including high-speed transmission of Data, also including a Security system, for local/State/Federal implementation. See 1997 - Dec 30 and 1956 “**designed and built**” herein.

1983 Appointed **Chairman of Passaic County, N.J. Energy Commission**. Served for **(6)** months, then resigned. I notified the Carter Administration (& every Presidents’ administrations thereafter), of what I would do to ease, if not solve the Energy problems facing the U.S. **Still valid, Info available**

1983 – Personal energy-advisor to State Senator of N.J./ **Paterson, N.J. Mayor Frank X. Graves; State Assemblyman Ozzie Pelecchia; Passaic County Freeholder Director Edward O’Byrne**. As such, represented the **State of N.J.** in Washington D.C., for Federal funds for **Passaic County**, with State of N.J. Assemblyman Pelecchia. Ultimately got **NONE**. Matter of Public Record.
Info available

1980 – **Built Electronic devices**, from parts, with **plug/unplug capabilities**, much like Dell Computer start-up. Unplug one bad part of **(6)**, replace with a spare, return to office and repair broken part, when time permitted.

1978 – March 11, offered to set up a T. V. Tube Manufacturing Plant and Cabinet-manufacturing operation. **I also** promoted Intra School T.V. hook-up, linking all schools in the **Dominican Republic** (just like **Paterson School District** did under my advisement) in **1999**).

Never came to fruition because my contact, a leading candidate for the Presidency, was assassinated. Later, the Educational part of Document suggested a modern, unique, effective, highly Technological Educational System, entitled, “**Two Teachers in Every Classroom**”, **©Copyright in 1978**

1978 – Started a **740-hour** course in Law, and was awarded a Law Degree by **Blackstone School of Law, Texas, October 10, 1985**. **More Info**

1976 – Received **(6) month** comprehensive course, in **Analytical Accounting**, with a private tutor (**CPA**), from a New York Accounting firm.

1975 – Took Computer Programming course [Six **(6)** week, **95 hour** duration] with **RCA**, 11th St., Manhattan, N.Y.C. – Received degree. **More info**

1967 – Invented, designed, built (on the roof of a box-fabricating factory) in Paterson, New Jersey , an **Hybrid Solar Heating Unit**, Hot water/Hot air, using the Sun and Wind as energy sources. Achieved **180-degree** air being introduced inside the building – outside temperature, **(0)-degrees** Fahrenheit, **25 M.P.H.** wind speed, bright sunny day.

Received Patent # **6373978 B1**, modified later (April **2002**) using hot water, in conjunction with, a super-efficient collection system, coupling that with “**enhanced heat-storage capability**”. See **GOOGLE & ASK us.COM**

1966 – Experimented with radioactive materials, (**Radium D** – half life **1,500** years), in conjunction with work related to **Atomic Energy Commission** in (**Washington D.C.**). **Info available ...**

1965 – Built and sold T.V. tubes used in RCA, Sylvania, GE, Sony, Sharp, Sony, Olympic Radio, etc. T.V. sets. **Info available**

1965 – Conceived, designed, built a **Ray-Gun** (Electron-Beam precursor to Ion-Beam welder), for my son’s school science project. See **2000** herein – Electronic **ION Beam Welder**. See also Photo on Website **Info available...**

1965 – Built, sold **3-gun color tubes**, by-passing **Japanese Patent for Trinitron**. Ultimately, manufactured **Trinitron** in the U.S., for Sony. via **Olympic Radio, Long Island City**. **Info available**

1964 – Designed, built, sold **Bombarders (Low-frequency Microwave Units)** for **heavy-metal heat treatment**. Shipped **(5)**, **50\60 cycle units** to **Italy** and **France**, as well as other U.S. Corporations. **Info available**

1964 – Invented, designed/built/used, equipment to fabricate **Metal Picture Tubes** (glass to metal seals), successfully, mitigating the difference of expansion ratios. Manufactured, **(30)** inch round-metal, laminated, **implosion-proof radar tubes**, with special phosphor **(P1)**, for the **.U.S. Navy**, under special contract, with **Fairchild/Dumont**. **Info available....**

1964 – Designed, built, **20-Kilocycle**, (now **Kilohertz**), prototype **Ultrasonic Drilling-Machine** , [could **drill square holes**, as well as other normally-unachievable hole types], with **2,000-Watt output**, for **Sheffield Corp.**, Division of **Bendix Aviation**, in **Ohio**. **Info available**

1963 – Designed, (**not patented**), Hybrid Energy Car (**T.E.C. – Total Energy Car**), which utilized batteries, along with a **small gasoline engine**; Photo-voltaic solar-cells, mounted on roof and hood ; **regenerative braking**, wind-operated battery recharging, compressed-air assist, & “ **reduced wind-resistance-shaped** “, automobile.

NOTE: Appeared on T.V. for **(1)** hour, broadcast Nationwide. Similar vehicles being offered for sale in **California** for the year **2000**, **Washington, D.C.** (2001 and **Florida 2003**). Such are much like **T.E.C** indicated herein, but currently still **NOT** using Photo-voltaic Solar Cells, Wind-operated battery recharging and Compressed-air Assist, as envisioned in the T.E.C. **Info available**

NOTE: When interrogated by a panel of experts on that show,(of different disciplines), how to take my vehicle cross-country, I told them that the local Electric companies, in each state, **would** set up poles with recharging battery capability. Battery-charging, would be accomplished by activating special, credit cards, (**or credit cards, today**), which would be a whole lot cheaper to set up and maintain than gas stations). **ITS TIME HAS COME ! Hey 2009: HANG IN THERE, IT'S COMING!**

Submitted diagrams and other information to the **(3)** U.S. major Car companies, but was **derided** for teaching aero-dynamic shape of vehicle **WAS important**. The **N I H** syndrome, (**Not invented here**), was alive and well. Their view, (at that time), mockingly. Unfortunately, I lost the rejection file, [from all three big car companies, in moving my offices]! **BASICALLY**, it went like the following

“With cars possessing 200 to 300 H.P. engines, it is **RIDICULOUS** to consider lowering wind resistance“! [Circa **1990's**], **NOW THEY BRAG ABOUT IT! I GUESS, ITS TIME HAD finally COME!** I wonder where all those genius's have gone, who laughed at my submission ? To date , **8-18-2007**, I have **NOT** received one apology! **DITTO, FOR MIXED-ENERGY CARS !**

1962 – Did consultant work, (pioneering), for **Perkin & Elmer (Connecticut)**, on manufacture of **gaseous lasers**. **Info available**

1961 – Built several different types of **Special Purpose Cathode Ray Tubes** including **Oscilloscope Tubes**, Stock-market (Electrostatic-Deflection, Stock Market quotation-devices CRT's, for **Bunker Ramos – Connecticut**.

Info available

1960 – Attended **William Paterson College** for approximately **2 ½** years, earning some **42** credits, did **NOT** finish, earned **NO degree**. **Info**

1959 – Designed, developed and used equipment to apply **Epoxy Resins** through heated vacuum-ovens, for **Electronic Transformer Incorporated**, Totowa Ave., Paterson, N.J. Also used many different types of epoxies for glass-to-glass use, as well as optical-epoxy (see through). Expert in other **Epoxies** for glass to metal seals as well as metal-to-metal seals. **Info**

1958 – Invented, (not patented), a **Solarcell-operated device, (activated by a flash- light)**, capable of killing sound in a T.V. set for bed-ridden son.

(Forerunner of **“remote control”** today – forerunner **#2**). See forerunner **#1** herein **1955** **Info available**

1957 – Set-up (**6**) Television Tube Manufacturing Plants, (5) in the **U.S.** and (1) in **Canada**, since... and see **1952**. (Refused lucrative **Russian** offer to do same, Cold War Time). See article, my comprehensive **“TELEVISION AND REPAIR”**, in Wikibooks, as well as on my Website, (**circa 2006**), and/or via **Google: cifaldi,carmine**. **Info available**

1957 – Designed, built (6)-position **high-vacuum**, aluminizing machine with exceptional characteristics, (also known as **“Sputtering”**). **Info available ...**

1956 –Built my own T.V. Tube Test Set from parts, which tested Picture Tubes. It measured and displayed all voltages being utilized. Measured amount of gas in CRT.

Supplied means to **de-focus** the electron beam and **disable “sweep” circuits**, thereby projecting a picture of the Cathode coating. It displayed a round, lighted spot, [about the size of a Silver Dollar], appearing on T.V. screen. It was **“read”/interpreted**, (much like a Doctor reads **“X-Rays”**).

THIS, was the **Precursor to Electron-ray Gun Technology**. See **1965 herein**. This enabled anyone, skilled in the art, to **“read”** the presentation, in (conjunction with a gas reading). This would help to determine the life expectancy of each tube, with **99 %** accuracy.

(Led to conception, and successful testing, of **Electronic Beam Welding**). See **1965 & 2000** herein, precursor to **Electron-Beam, Ion-Beam, Technology**. **Info available.....**

1956 Built my own “Square-wave” Generator. Built my own Oscilloscope, also used my own personally hand-made Oscilloscope C.R.T., therein. Used many times in repairing hundreds of T.V. sets.

1956 Designed and built a special-purpose CRT, with P-1 Phosphor, (greenish tint), which was capable of displaying a 2,000-line picture, (U H D), Ultra High Definition. The CRT was used, to photograph from, and to be used in conjunction with, a High-speed, High Resolution, Film Camera. This was/is still superior, to the HDTV, as promoted by the Japanese in 1986...30 years later, and today 2008..

The same engineering premise, was then used by the Japanese (circa 2004) to formulate a “Blu-ray Disc Technology”, (Laser Beam, reader/writer, system which could store a tremendous amount of information, (including moving pictures) on DVD’s. (Digital Video Discs). Info Available....

1955 – Took a 4-year Engineering Math course, with a personal tutor, a Professor, who was teaching at Farleigh Dickinson College, N.J. which was completed, in (1) year at (3) (4) hour days/week). Info available ...

1955 – Invented/fabricated, a mechanical device for bed-ridden woman to turn on/off T.V. set and change channels, without any assistance from her family. T.V. sets at that time featured “rotary dialed on/off switches” and “barrel tuners” (which were also activated/employed, in circular fashion.) (Forerunner#1 of “remote control” today. See Remote Control fore-runner # 2, 1958. Info available

1954 – Invented, designed, operated and had built, Glass Lathe, with compressed-air head. Became adept at Lathe and several other types of glasswork, needed in the manufacture of CRT’s, such as sealing the Electron Gun, into the neck of the CRT, and repairing damaged, Glass manifolds AND Glass-diffusion pumps. Info available ...

1954 – Became adept at repairing Glass Hi-vacuum pumps, NOT expert, but comfortable with, AND performing Glass-blowing repairs/techniques. Info available

1954 – Experimented with Electricity-producing solar-cells and low-wattage relays. See 1958, 1963.

1954 – Designed/built, used a high capacity (4) bed see-through De-ionizer/Demineralizer.Designed, built, used, rock, sand, activated-charcoal filters for water purification. Info available ...

1953 – Received 1st patent (Patent # [unknown], (approximately 1954) Electron Gun Technology, with a 100% reliability factor. (Patent assigned

to President of Company, I worked for). Designed, developed, built, many improvements for manufacturing T.V. Tubes– acknowledged leader in T.V. Tube Manufacture.

1953 – Hired as **Chief Engineer**, [Claremont Tube Inc.], **5815 57th Drive, Maspeth, L.I., N.Y.**, (**without College Engineering Degree**), and then as Plant Manager for a new facility, in Long Island City, for the same company.

Info available

1952 – Through **1957** set-up **(6)** T.V. Tube Manufacturing plants in the **U.S.** and also **(1)** in **Canada**, as consulting Engineer. This included design, installation, construction of equipment, electric power lines, gas lines, water lines, drains,

siting of manufacturing equipment and training of all initial workers, for all operations, in manufacturing.

Info available

1951– Became Foreman in **Eureka T.V. Tube, Co.**, (**2nd** shift), on **5th Avenue, Hawthorne, N.J.** Did pioneering work on, **Hi-Vacuum Mercury-diffusion pumps**, using **Liquid Nitrogen**. Also worked with water-jacketed, glass–construction **3-Stage**, **Oil Diffusion**, Glass Pumps. Became expert in high-vacuum technology. Worked from **8 A.M. to 12 Noon** in glass-working expert's business, **Hudson Brothers Glass Co.**, in **Union City N.J.**, then 4 PM til midnight, **5½** days a week .

1950- Took a **10** book, correspondence course , (**6** mos.), generally taught to the **U.S. Navy** personnel, regarding **basic Electricity** and then **Electronics**, starting with the structure of the **Atom**, which Lead into magnetism, electricity and then the rudiments of Electronics progressing to full-fledged electronics.

1949 – Secured a job in T.V. tube plant, (**Teletube** Manufacturing Company), manufacturing picture tubes, on Marshall Street, **Paterson, N.J.**, for approx. **1-1/2** years. Also repaired hundreds of television sets. **Info available**

1945-1947 – Joined U.S. Merchant Marines for approximately **2** years (making **1st** trip to France, {approx **45** days} in **1946**, while a Senior in High school). Returned and was graduated with my class. Exempt from all final exams (need **90** or better marks, on report cards, for **ALL** periods, in **Senior year**). Served as business adviser for yearbook.

Served as **Wiper or Fireman**, on **(3)** different ships:

- 1. (Moore McCormack Liberty Ship, (brought grain to Le Havre, France) ;**
- 2. Adrian Victory** which transported **600** horses to **Gdynia, Poland** , (thru the **Kiel Canal**, into the **Baltic Sea**);
- 3. Ernie Pyle, C- 4 Troop-ship**, brought **German Prisoners of War** **FROM** the U.S., back to **Bremerhaven, Germany**. Then returned, with **3,000+** American G I's, to **New York City, (to a tumultuous ... Welcome. Home !)**.

1945 – Invented a Basketball play, (“**Allez-ooop**”), which ultimately, was adopted by the Pros and later Colleges, (albeit, **without their knowledge of my discovery**). **Info Available**

1945 – Won boxing Light Heavyweight, (**175 lb**), Championship, Novice Class, in the “**Diamond Gloves**”, in New Jersey, (like “**Golden Gloves**“ in New York).

1944 - Quit Central High School for (**1**) year. Subsequently, I resumed my education at, and was graduated from **St. Mary’s High School, Paterson, New Jersey**, at **18** yrs of age, in **1946** – tested and found to have an I.Q. of **153**, at age **17**.

1941 --Attended Central High, **Paterson, N.J.** for (**2**) years, **NO** remarkable grades, **except Science** – Received a mark of “**100**”, on my report card, (in Science), one marking period, other Grades, **merely passing**.

1940 – Designed and used/played, for many years, a unique football play, I named the “**5-Man Out Pass** “ (precursor of the “**Shotgun**”). **Info avail....**

1939- Built a **Crystal Radio**, then a **Super Heterodyne** (SUPER HET), at **11** years of age .

1933-1940 **Primary education:** Attended School #19, **Paterson, N.J.** till **6th** grade; **Old School #5**, for the **7th** grade; **New School #5** for the **8th** grade . Tested and found to have an **I.Q. of 121** at age **13**, (without my knowledge). See **1944** herein. **Grades less than remarkable**. **Matter of Public Record**.

For more information about the Author, SEE **cifaldi,carmine** in **GOOGLE**. **ALSO :** **CCFIFALDI.COM** via **Yahoo** for Author’s Website, and for Photos and much more info, contained in “**FILES**”.

Also contained therein, see a **NOVEL** way to add/correct/supplement info,which is already published in a printed. book. This system is currently being copywrited, (circa **2007/2008**). It is called “**The Living Book**”.
